

# Green Building for Building Professionals

November 11-12, 2010— 8:00 am ~ 5:00 pm

*Building Industry Association of Clark County presents...*

## Leading the Transformation of the Market

Learn how homes provide buyers with **lower energy** costs and **higher value**. This 2-day course for building professionals discusses **strategies** for incorporating green-building principles into homes without driving up the cost of construction. You will learn how green homes provide buyers **lower maintenance**, better indoor air quality and better long-term value. Techniques are also discussed for competitively differentiating your home products with increased indoor **environmental quality** as well as energy and **resource efficiency**.
